Cutting first-week churn at Guardio

Churn in that cohort dropped from 31% to 14% over 6 weeks. The checklist is still the default onboarding flow.

from Marketing Coordinator at Guardio

Captured May 31, 2026 · chat capture

SITUATION

New users were dropping off after install — first-week churn was over 30% and product was treating it as 'just how onboarding works'.

TASK

Diagnose the gap and propose a fix that didn't require an engineering quarter.

ACTION

Built a two-line setup checklist that made the activation steps impossible to miss. Pushed it through CS-led testing on a 5% slice before product green-lit a full rollout.

RESULT

Churn in that cohort dropped from 31% to 14% over 6 weeks. The checklist is still the default onboarding flow.

Title

Cutting first-week churn at Guardio

Situation

New users were dropping off after install — first-week churn was over 30% and product was testing it as first buy onboarding model.

Task

Diagnose the gap and propose a fix that didn't require an engineering quarter.

Action

Built a two-line setup checklist that made the activation steps impossible to miss. Pushed it through CS-led testing as a 50% pilot before.

Result

Churn in that cohort dropped from 31% to 14% over 6 weeks. The checklist is still the default onboarding flow.
