The same questions from onboarding. Update any of these as your situation changes — they feed the weekly task generator and the chat agents' understanding of where you're stuck.

Biggest job-search challenges

I don't know which roles to target

I apply but get no responses

I get interviews but no offers

I don't know how to network effectively

My CV doesn't stand out

I don't know how to negotiate salary

I'm not sure if my skills are relevant

CV tailoring strategy

Yes, I tailor it for most applications

Sometimes, for roles I really want

Rarely — I mostly use one version

Never — I use the same CV for everything

Or type your own answer

LinkedIn outreach strategy

Yes, often — I message recruiters or employees regularly

Sometimes — I've tried it a few times

Rarely — I find it awkward

Never — I haven't tried

Or type your own answer

Role clarity (1-5)

1 — No idea

2 — Vague idea

3 — Some clarity

4 — Fairly clear

5 — Very clear

Click again to clear.

Job-search efforts so far

Applied to ~25 roles since March. Got 4 first-round interviews; no offers yet.
